The girls' basketball team is selling Saykll candy bars to raise money for their travel gear. The candy bars are \$1.50 each.

Students, the state of Michigan is now requiring that masks be worn by all grade levels and all staff members throughout the entire school day. This is a new rule that starts today and it's something that we're all going to have to follow. You've all been wonderful with following the mask requirements this year. We know this is going to be quite a change, but we'll get through it together and the moment it's no longer required, we will go back to the way things were. For now, though, make sure you're masked up when you're here at school, and thank you in advance for your continued cooperation with this.
