Students, please note that you are not permitted to enter the American Legion during your lunch hour. Starting on October 2nd, there will be a restaurant opening in the banquet hall of that building and you are permitted to purchase lunch there, should you choose to do so. Until then, though, the Legion will be turning away any student who enters their establishment during the noon hour on a school day. We offer an open campus, but if this rule is violated, students may no longer be permitted to leave campus at noon.
