

Carney-Nadeau Public School

Friday, September 8

Happy Birthday Cameron Norton

Friday: Stuffed Crust Pizza, Salad, Fruit

Friday:

Students are reminded that they must park in the student section of our parking lot. That does not include the parking spaces that are closest to and run parallel with our building. Those spaces are reserved for staff members. Also, if you drive to school and haven't registered your vehicle with the office you must do so. We thank you in advance for your cooperation with this.

Junior High Robotics begins Tuesday, September 12th after school in the robotics lab. Practices will be held Tuesdays and Thursdays after school until 5:30pm. Please see Andrea Chaney or Chrissy Jenkins if you have any questions.

Students, please note that you are not permitted to enter the American Legion during your lunch hour. Starting on October 2nd, there will be a restaurant opening in the banquet hall of that building and you are permitted to purchase lunch there, should you choose to do so. Until then, though, the Legion will be turning away any student who enters their establishment during the noon hour on a school day. We offer an open campus, but if this rule is violated, students may no longer be permitted to leave campus at noon.
