Students, today at 2:00 pm we have our annual Veterans' Day ceremony in the gym. We need all of you to be on your best behavior and to give our guests the respect they deserve. Please sit quietly for the entirety of today's proceedings and give your full attention to those who have fought to preserve our nation's freedom. We have received numerous compliments about this in the past, and we know you will continue to assist us in making today's ceremony a successful event.

Thank you in advance for your cooperation with this.
