Friday:

Saturday: 3 on 3 Basketball

Elementary pride pick winners are Acen McMullen and Dennis Pritzl.
Hs Parking spot winner is Beau Maule.

Students in grades 3-9 will continue to take state standardized tests this week. On Tuesday, the 8th grade will be taking the PSAT during hours 1-4, and the 6th grade will be taking the ELA M-STEP. On Wednesday, the 9th grade will be taking the PSAT in the morning and the 5th grade will have the ELA M-Step. And then on Thursday, grades 3 and 4 will be taking the M-Step for Math. Please put forth your best efforts on all of these assessments, and don't forget, if you beat your score from the previous year, you will be entered into a drawing for a \$50 cash prize. Each grade level has its own separate prize. Good luck, and go Wolves!

The BetaWolves robotics team had an amazing weekend at the Escanaba competition and are heading to the FIRST STATE CHAMPIONSHIP in Saginaw this week! After a tough start to the season at LSSU two weeks ago, the team got to work, redesigning the intake to be more durable and stronger, along with making modifications to other parts of the robot so Launch Lady would be ready for the Escanaba competition. The hard work, drive to improve, and determination really paid off in Escanaba!

The BetaWolves finished qualification matches ranked 3rd with 10 wins and only two losses, became captain of the 2nd alliance with Calvin Christian Robotics and Robotic Turmoil Team #5486 and battled to a 3rd place finish overall! Plus, the team earned the Excellence in Engineering Award, recognizing the incredible design improvements and the students' ability to communicate their process and innovation!

The BetaWolves qualified for the State Championship in Saginaw this week!! Congratulations BetaWolves!
